

There are two issues coming before the Select Board this Thursday night that you might be interested in.

The first is at 5:30 when Eric Paulson (consultant) will present the – Conceptual Design for a NEW PUBLIC SAFETY BUILDING

The other issue will be at the end of the evening when the Board Reviews the PARKS & RECREATION DEPARTMENTS BUDGET REQUEST.

As you may know there is an effort to essentially close our power plant. This would be a financial disaster for the town of Bow. PSNH has been an excellent neighbor and support of Bow.

Former Senatorial candidate and Stoney Field Yogurt owner Gary Hirshberg is reported to be the financial force behind the effort to close Bow Power Plant.

I plan to introduce a motion to show the Boards support for Public Service of New Hampshire effort to produce clean coal burning techniques. I will also encourage every other board in town to do the same.

If you have any questions or concerns you would like raised at the Selectman's meeting please let me know ASAP.
